

Midlakes Coach of the Year

Each season the League acknowledges one coach from each division and one coach from the League as a whole, for “Coach of the Year”.

Coaches are asked to pay attention during weekly competition to opposing coaches for traits that epitomize what a Midlakes Coach should be. Some things to look for are:

- A positive attitude
- Courtesy and respect toward other coaches & officials
- Attention to safety
- Encourages friendly competition
- Submits entry information in a timely manner
- On time to meets
- Accessible and helpful
- Leadership & supervision
- Follows League rules and guidelines

Only Head Coaches will be eligible for “Coach of the Year”.

DIVISIONAL “COACH OF THE YEAR”

During the final week of the season a “ballot” will be sent out to each coach electronically. The head coaches for each team will be identified along with a cutoff date to submit ballots. Please do not vote for your own team Head Coach. We would only like those who have made an outstanding positive impact to be acknowledged, so if you are not comfortable with making an informed decision, please do not submit a vote. Ballots will be tallied by the Division Reps and the winners for the Divisions will be announced at B-Championships.

LEAGUE “COACH OF THE YEAR”

Because it is common not to get to know coaches that do not compete in your division, the League “Coach of the Year” will be determined by nomination. At any time during the course of the season coaches, officials and Board members can submit a written nomination to the League. Please submit your nomination and explanation why this coach should be recognized in an e-mail to the [League Communication Director](#). All submissions will be forwarded to the League Officers, Officials Administrator and Coaches Reps for consideration. The winning coach will be announced at A-Championships along with the Divisional Coach winners.

We would like a digital photo and a short bio for each winning head coach to post on the website. In anticipation we would like ALL Head coaches to submit this information at some point during the season.

Reminders and updates to this information will be sent out during the season.
